Scholarships for Clinical Study at Chengdu University of Traditional Chinese Medicine in Chengdu, China

A New Program For AOMA Alumni

Chengdu University of Traditional Chinese Medicine is a well-respected university in Chengdu, China with strong ties to AOMA Graduate School of Integrative Medicine. Many AOMA faculty have come here from Chengdu University, and our students have participated in their short-term study programs for years. Now they are offering our alumni a unique scholarship opportunity for semester-long clinical study in their Traditional Chinese Medicine hospital.

Program Description

This program can be done by individuals or groups of alumni, for 3-6 months of study at any time of year. For individuals, the program consists of Monday-Friday morning clinical observation and practice in any/all of the clinics at the TCM hospital. If a group of 5 or more alumni choose to participate in this program together, they will also receive 3 afternoon lectures a week, in addition to the Monday-Friday clinical observation and practice mornings. At the end of at least 3 months of study, all participants will receive certificates of study from Chengdu University of Traditional Chinese Medicine.
