

To qualify for professional observation you must have the following completed:

- Level Two practical exam
- 650 Total clinic hours

Once these prerequisites are completed, you must establish an observation schedule with the practitioner of your choice and obtain their signature on this form.

If observing with a practitioner outside of those individuals already employed by AOMA, you must meet with the Director of Clinical Education for approval and to complete additional necessary paperwork.

Student name:	Date:
Observation Day & Time:	
Supervisor's Signature:	
Student's Signature:	

This form must be submitted to the registrar in order for these hours to be added to your schedule.
